PREFACE

First I would like to give a big thank to the only God, Allah SWT who has been giving His blessing and mercy to me, I would also like to thank to all people who support and encourage me in writing and completing my final project report entitled “English Teaching and Learning Activities for the Fifth Grade in SDN Tumenggungan 28 Surakarta.”

This final project report is submitted to fulfill one of the requirement to gain the diploma degree of English Diploma Program in Sebelas Maret University. It describes the teaching and learning activities in mastering four English skills for the young learners. The activities are held in SDN Tumenggungan 28 Surakarta for almost two months. The problems do not only come from the writer as the teacher but also from the students. Thus, the writer also provides the solutions of the problems from the students and from the teacher during job training activities.

The writer hopes her final project report can be a useful references for the readers and gives them more knowledge about the difficulties in teaching young learner.

MOTTO

You can not let people scare you. You can not go your whole life trying to please everyone else. You can not go through life worried about what everyone else is going to think. Whether it is your hair, clothes, what you have to say, how you feel, what you believe and what you have. You can not let the judgement of others stop you from being you, because if you do, you’re no longer you, you’re someone everyone else wants to be........

You may never be good enough for some people, but you will always be the best for those who deserve you.

ABSTRACT

This final project report is written based on the job training activities done from February until April, 2013. The objectives of this final project report are to describe the activities in English teaching and learning for the fifth grade, to identify the difficulties or problems in English teaching and learning and to find out the solutions to solve the problems.

There are some steps in the activity of English teaching and learning, namely: warming up, explanation, practice and assessment. During the job training activities the writer faced some problems, such as the problems of the students in lacking of self confidence, pronouncing and writing English words. The other problems came from the writer are handling the students, lacking of time and additional materials. However, there are some solutions to solve the problems by giving a positive punishment, repeating the correct pronunciation, motivating the students, and understanding the characteristics of the student.

The suggestion to SDN Tumenggungan 28 Surakarta are providing the proper materials and adding the audio visual facilities. Meanwhile, the other suggestion for English Diploma Program is giving more instructions and preparations to the students before doing the job training and adding more references about teaching in SLC.
