ABSTRACT

Ria Anjani Sismaya 2016, TEACHING VOCABULARY USING PICTURES TO THE 3RD GRADE STUDENTS OF SDN BULUKANTIL SURAKARTA. English Diploma Program, Faculty of Cultural Sciences, Sebelas Maret University.

This final project is written based on the job training activity which has been done by me as an English teacher in SDN Bulukantil Surakarta. The objectives of this report are to describe the application of teaching English vocabulary using pictures and to find out the problems, solutions in teaching English vocabulary to the third grade.

In collecting the data, I interviewed the supervisor to get more information about the school and discussed the material that would be taught based on the curriculum. The process of teaching English vocabulary for the third grade of SDN Bulukantil Surakarta consists of five steps: Warming Up, Reviewing, Presentation, Assessment and Ending the lesson. In teaching vocabulary, I used pictures as the media. Pictures brought benefits in the learning process and made the learning process more effective.

In the learning process, I also found out the problems during the process of teaching vocabulary to the third grade of SDN Bulukantil, Surakarta. The problems were the students’ behavior, mispronounced words, limited time, students’ low motivation, and writing English vocabularies. In this final project, I also gave the solutions to solve the problems.

I hope this final project report can be a useful reference for the Teacher of SDN Bulukantil to improve their performance and the English Diploma students to conduct the other research on the similar problems.
